ABOUT US

Founded by twin brothers, Bruce and Byron Trantham, Tranco Global is one of the country's fastest growing freight forwarders.

Headquartered in Chattanooga, Tennessee, Tranco Global provides a full suite of domestic (truckload, less-than-truckload, flatbed, expedited and domestic air) and international (air freight, ocean freight and customs clearance) forwarding services. Since opening in 2016, the enterprise now has over 100 employees and five offices spread across the United States.

iTranco provides services in a cloud-based environment. This allows U.S. & overseas clients to access logistics information 24/7.

Paperless

Scanned copies of paperwork are available in a virtual environment where customers have access via the cloud on demand.

Data Transfer

Data can be forwarded and received in batches or via a continuous EDI basis.
